Karl/Mark –

Here is our transmittal of the IB Alternatives Assessment Report to counsel for Republic. We ask in our letter for a more IB detailed plans, including bird mitigation evaluations for each alignment alternative, within 45 days from today. I've already discussed with Jessie a tentative plan to have a technical call during the week of September 8th. We'll keep you posted on this, but in the meantime if you have any questions please let me know.
